What is Covered

The XtraRide Powersports Protection Plan provides extensive coverage against the cost of breakdowns due to mechanical defects to all vehicle components unless specifically excluded. A complete list of exclusions can be found in the contract. Unless excluded, parts falling within the following component groups are covered:

✓ Engine

✓ Transmission

✓ Primary Drive

✓ Drive Axle Assembly

✓ Front and Rear Suspension

✓ Steering

✓ Braking System

✓ Electrical System

✓ Gauges

✓ Fuel System

✓ Seals and Gaskets
(on qualifying units)

Limits and Exclusions

Coverage is subject to deductibles, limits and exclusions. The contract covers repairs only of covered parts and only when they suffer a mechanical breakdown as defined in the contract. Under some circumstances, a mechanical breakdown of a covered part may not be covered. Examples include if the failure is due to misuse, lack of proper maintenance or when a non-covered part is what caused the covered part to fail. Also, the exclusions contain a list of parts not covered, some of which may be associated with or contained in component groups that are covered. Examples include brake drums, rotors, pads and shoes; the radiator and thermostats; and the exhaust pipe system. Please see vehicle service contract for details.
